

### **Features :**

- 1-Reliable AVR exciting system and optional permanent magnetic system always provide invariable excitation on all occasions.
- 2-Easy to be connected with power network of parallel other generators.
- 3-Balanced rotor, sealed single and double ball bearings.
- 4-Convenient installation and easy maintenance, easy access to terminal. rotating rectifier| and coupling bolts.
- 5-Wide range of flange adapter and coupling disc for single bearing.
- 6-In conformity with all mainland standard.

### **Option Feature :**

- 1)Adapters and interchangeable drive disk.
- 2)Single phase.
- 3)Remote voltage adjust.
- 4)IP23 protection class.
- 5)Space heaters.
- 6)Thermistors.
